

Workshop

„Regulatory Affairs of Biorationals and Plant Protection Products“

11 February 2020

10 am – 4 pm

Forschungszentrum Jülich, IBG-2: Plant Sciences, Wilhelm-Johnen-Straße, 52428 Jülich,
Building 6.2, Room 406 (2.OG)

This workshop will be held within the White Paper Project “Regulatory Affairs for plant protection products, biorationals, biobased products and techniques” and will be organized in cooperation with SCC GmbH (scc-gmbh.de). The major aim of this workshop is to inform about the relevant legal framework for authorization of products in Europe and Germany. A special emphasis will be given on biorationals and plant protection products as they have been developed in BioSC focus labs and other BioSC projects.

The workshop will be organized by members of the BioSC core group of Prof. Dr. Ralf Pude (INRES, Renewable Resources, University of Bonn).

Agenda

10:00 h	Welcome & Introduction	Prof. Ralf Pude Dr. Thorsten Kraska
10:10 h	Regulatory Affairs: 1) Background, Problems, Challenges 2) Products Focus Labs	Dr. Lars Huber (SCC GmbH)
12:00 h	Lunch	All
12:45 h	Workshop I: Case studies “FocusLabs” 1) GreenRelease (Dr. Felix Jakob) 2) CombiCom (Dr. Anita Loeschcke) 3) Bio ² (Dr. Nina Ihling)	Dr. Lars Huber (SCC GmbH) Vera Breiing
14:15 h	Coffee Break	All
14:30 h	Workshop II: Open discussion on topics from BioSC core groups and products developed within BioSC projects	All
15:30 h	Summary & Conclusion	Dr. Thorsten Kraska
