

## 3<sup>rd</sup> International BioSC Symposium

### Agenda

**November 12<sup>th</sup>, 2018 | Gustav-Stresemann-Institut, Bonn**

|              |   |   |
|--------------|---|---|
| <b>16:00</b> | <b>Welcome</b>  | <b>Prof. Dr. Ulrich Schurr</b><br>Forschungszentrum Jülich / BioSC                    |
| <b>16:15</b> | Paving the way towards a bioeconomy – Coherent strategies in Germany and Europe                     | <b>MinR'in Andrea Noske</b><br>Federal Ministry of Education and Research, Germany    |
|              | <b>Opening Session</b><br><i>Session chair: Prof. Dr. Ulrich Schwaneberg, RWTH Aachen / BioSC</i>   |   |
| <b>16:30</b> | Latest developments and outlook on bioeconomy, bio-based building blocks and polymers               | <b>Dr. Michael Carus</b><br>Nova-Institut, Hürth                                      |
| <b>17:00</b> | From biosciences to bioproduction: The success of Toulouse White Biotechnology (TWB)                | <b>Prof. Dr. Pierre Monsan</b><br>Institut National des Sciences Appliquées, Toulouse |
| <b>17:30</b> | Bioeconomy innovation in North-Rhine Westphalia: Grass fibre as raw material for the paper industry | <b>Thomas D'Agnone</b><br>Creapaper GmbH, Hennef                                      |
| <b>18:00</b> | Break   |   |
| <b>18:15</b> | <b>Conference Dinner</b>  |   |

**November 13<sup>th</sup>, 2018 | Gustav-Stresemann-Institut, Bonn**

|              |   |  |
|--------------|---|--|
| <b>I.</b>    | <b>Socioeconomic Perspectives within a Sustainable Bioeconomy</b><br><i>Session chair: Prof. Dr. Jan Börner, University of Bonn / BioSC</i> |  |
| <b>09:00</b> | Modeling and measuring global impacts of bioeconomic transition   | <b>Dr. Neus Escobar</b><br>University of Bonn          |
| <b>09:30</b> | Governance of the bioeconomy  | <b>Prof. Dr. Thomas Dietz</b><br>University of Münster |
| <b>10:00</b> | Drivers for the emergence of synthetic biology (CombiCom)   | <b>Dr. Chad M. Baum</b><br>University of Bonn / BioSC  |
| <b>10:30</b> | <b>Coffee break</b>   |  |

| II.  | <b>Innovations for Plant Production and Resource Management</b>                                      |  |
|--|--|--|
| <i>Session chair: Prof. Dr. Markus Pauly, HHU Düsseldorf / BioSC</i> |  |  |
| 11:00  | Grasses as industrial feedstocks in the bioeconomy   | <i>Prof. Dr. Iain Donnison</i><br>Aberystwyth University   |
| 11:30  | Plant-soil feedback in extensive cultivation of <i>Sida hermaphrodita</i> on marginal soils          | <i>Dr. Silvia D. Schrey</i><br>Forschungszentrum Jülich / BioSC                                      |
| 12:00  | Developing trees for the bioeconomy in the post-genomic era  | <i>Prof. Dr. Shawn D. Mansfield</i><br>University of British Columbia                                |
| 12:30  | Poster Lunch   |  |
| III.   | <b>Green Value Chains - Processes and Products from Biomass</b>                                      |  |
| <i>Session chair: Dr.-Ing. Jörn Viell, RWTH Aachen / BioSC</i>       |  |  |
| 14:00  | Towards sustainable hybrid production of precursors and high-value compounds                         | <i>Dr. Stephan Noack</i><br>Forschungszentrum Jülich / BioSC   |
| 14:30  | Bio- and chemo-catalyzed conversion of carbohydrates to bio-based chemicals                          | <i>PD Dr. Ulf Prüßé</i><br>von Thünen-Institut, Braunschweig   |
| 15:00  | Sugar without calories - expanding a traditional value chain with biotech to solve a society problem | <i>Dr. Timo Johannes Koch</i><br>Pfeifer&Langen GmbH & Co. KG /<br>Savanna Ingredients GmbH, Elsdorf |
| 15:30  | Poster Award   |  |
| 15:45  | Closing Remarks  | <i>Prof. Dr. Ulrich Schurr</i><br>Forschungszentrum Jülich / BioSC                                   |
| 16:00  | Get-together   |  |
